Oggetto: Solidarity with Fiat workers

Dear colleagues

Fellesforbundet follows the situation for Fiat with great concern. We support your fight for decent work for thousands of Fiat workers. Any changes to production must be discussed with the trade unions, and we support your demand for proper consultations. All decisions must be suspended until proper consultations are conducted..

On behalf of Fellesforbundet President Arve Bakke I wish you all the best in your struggle.

Atle Høie
Internasjonal sekretær
